

Health of the Rural Population

- Bamford A.** Work Organisation and Occupational Health and Safety in Australian and United Kingdom Horticulture
- Beretta F, Varischi G, Mendola M, Ariano E, Pirola R, Brambilla G, Colosio C.** Active search of occupational and work-related diseases using administrative databases: a pilot project on musculoskeletal disorders
- Cutini M., Brambilla M., Bisaglia C.** Analysis of the braking performance of counterbalanced elevator at varying of the tread wear
- Farkas Pall Z.** Is rural a safe place to live and work?
- Hayashi T, Fukuda Y, Ishikawa M, Murayama N.** A preliminary survey involving the elderly living alone in a mountainous area for the difficulty of shopping, their economic situations, diet, and nutritional intake
- Kim Ju-Young, Hwang Tae-Yoon, Lee Kyeong-Soo.** Effects of oral exercise on oral function and oral health related quality of life of the elderly.
- Kweon S, Shin M, Choi J.** Self and familial awareness of hepatitis status among hepatitis B and hepatitis C carriers in Korean rural areas.
- Lee K.** Is it possible to eliminate MERS? From the experience of brucellosis control in South Korea
- Lee Mi Sook, Shin Jun Ho, Lee Kyeong-Soo.** The effect of health education program on dyslipidemia of male workers.
- Mae- Sook Jun, Worl-Sun Seo, Kyeong-Soo Lee, Tae-Yoon Hwang, Chang Suk Kim, Mi-Kyung Kim.** The Effects of School-based Fissure Sealant Program for Preventing Dental Decay in the Permanent Teeth of Schoolchildren in Rural and Urban Areas
- Nam HS, Kim SY.** Trend in colorectal cancer incidence in Chungnam province, South Korea (2000-2011).
- Okae S, Matsushima M, Kato M, Furuhashi K.** Experience with radionuclide therapy for malignant tumors at a rural community hospital
- Qejvani S, Hanxhari R, Perry M.** Eliminating asbestos-related diseases in Albania.
- Saljamovska G.** Cancer risk in rural areas-air pollution, pesticides, smoking.
- Shintani S.** Polymyalgia Rheumatica (PMR): Clinical, laboratory, and immunofluorescence findings in the elderly in Japan
- T Okamura:** Changes in elderly prostatic cancer patients: A single rural community hospital experience.
- Yoong-Ju J.** Regional Variation of Chronic Periodontal Care Services in South Korea.

Environmental and Occupational Risk Assessment and Prevention

- Addesa M:** From safety to productivity: an ergonomic study on milking activities
- Cutini M., Bisaglia C.** Development of an app for using a smartphone as vibro-meter for effects on health evaluation
- Fornaciari L., Fanigliulo R., Biocca M., Grilli R., Sperandio G., Civitarese V., Pochi D.** Noise, vibration and dust emissions of a forestry chipper
- Gouy M, Gentil C, Chaperon L, Spinosi J, El Yamani M.** Matphyto program in France's overseas departments: crop exposure matrices for retrospective pesticides exposure assessment in the French West Indies and Reunion Island
- Lagerstrom E, Gilkey D, Rosecrance J, Magzamen S, Stallones L.** ATV mortality in the United States, 2011-2013
- Manetto G., Cerruto E., Schillaci G.** Laboratory vibration measurement from hand-held harvesters for olives
- Mattè M, Rubino F M, Mandic-Rajcevic S, Colosio C.** Pesticide exposure and health-risk profiles for re-entry activities in mountain vineyards
- Mucci NM:** Characterization of exposure to vibrations in different agricultural tractors
- Nuccio M:** Noise characterization in different types of tractors
- Pagano M., Biocca M., Cecchini M., Colantoni A., Fanigliulo R., Fedrizzi M., Gallo P., Guerrieri M., Pochi D.** Dust emissions with a new hazelnut mechanical harvesting prototype
- Foos R:** ToolBOX tasks: development of a dairy training curriculum
- Rafiei M,** Assessment of noise annoyance on the workers in Olfin Factory, Mahshahr port, Iran
- Rapisarda V., Ledda C., Schillaci G.** Risk of exposure to fluoro-edenite fibers of agricultural workers operating in Biancavilla's territory
- Roh S.** Assessment of agricultural pesticide exposure by Pesticide Exposure Examination Survey among Korean agricultural workers
- Vallone M., Febo P., Catania P.** Noise risk assessment in a modern oil mill plant

Health and Safety Policies in Rural Areas

- Camillieri D., Caruso L., Cecchini M., Colantoni A., Cutini M., Monarca D., Romano E., Schillaci G.** Evaluation of safety aspects on a machine for nuts harvesting
- Cecchini M., Riccioni S., Bedini R., Cossio F., Monarca D., Colantoni A., Delfanti L.M.P., Longo L.** Influence of training, procedural and organizational measures in the reduction of the risk due to manual handling of loads
- Field W. E.** Assistive Technology Database for Farmers and Agricultural Workers with Physical Disabilities
- Hayakawa T.** People's Attitude Toward Eating Habits and Health in Japanese Rural Area □□ Analysis of Survey Results and Their Commitment to Agriculture
- Hinson A V, Dossou F, Lawn H, Ayelo P, Fayomi P.** Legal, statutory and institutional framework of the management of pesticides in Benin: which impact on the users behaviors?
- Kato T, Ikegami N.** Mid-career change of medical doctors in Japan - Specialists to Generalist-
- Kato T.** The possibility of verbal autopsy to clarify the causes of death in the HIV positive patients and to improve the services in rural setting in Zambia
- Katsura T, Fujimoto M, Shizawa M, Usui K, Hoshino A.** Differences in the number of elderly individuals newly certified to require long-term care between basic checklist respondents and non-respondents
- Lee K, Chae H, Kim H.** The status of safety and health in agriculture of South Korea

- Mazzocchi F., Cecchini M., Monarca D., Colantoni A., Porceddu P.R.** A survey on occupational injuries in tree climbing in Italy
- Mazzocchi F., Cecchini M., Monarca D., Colantoni A., Porceddu P.R.** A survey on occupational injuries in tree climbing in Italy
- Murphy D., Donham K., Rautiainen R., Sheridan C.** A Certificate Course for the Agricultural Safety & Health Profession
- Murphy D., Donham K., Rautiainen R., Sheridan C.** A Certificate Course for the Agricultural Safety & Health Profession
- Shizawa M., Hoshino A., Usui K., Nishizawa M., Fujimoto M., Hosokawa R., Katsura T.** A Health Promotion Strategy for Rapidly Aging Communities: The Activities of the Awata Health and Community Development Association's "Campaign for Improved Health"
- Voaklander D., El Kurdi S., Gao H., Drul C.** A population-based comparison of injuries among farm and non-farm adults in Alberta, 1999-2010: A retrospective cohort.
- Voaklander D., El Kurdi S., Gao H., Drul C.** A population-based comparison of injuries among farm and non-farm adults in Alberta, 1999-2010: A retrospective cohort.

Improving the Health of Aged Rural Workers

- Hamano K.** Quality of Life of elderly people on a remote island : a comparison between urban and rural areas
- Kim J S, Yoon S Y, Cho S Y, Woo K H.** Participatory Action Oriented Training for Improvement of Health and Safety of Korean Farmers
- Momose Y, Suenaga T.** Gender Differences in the Occurrence of Nonfatal Agricultural Injuries among Farmers in Fukuoka, Japan
- Park K S, Kim JS, Hasuda T.** Development and Application of Participatory Mapping for Healthy Agricultural Village
- Seon Hee Kim, Kyeong-Soo Lee, Tae-Yoon Hwang:** Factors Affecting Four-year Score Change of Frailty, Depression, Cognitive Function and QOL in Rural Elderly: A Retrospective Study
- Tomimitsu H.** Alteplase (rt-PA) therapy in old Japanese patients with acute ischemic stroke

Muscle Skeletal Risk

- Caffaro F, Micheletti Cremasco M, Lundqvist, Nilsson K, Pinzke S, Göransson E., Cavallo E.** Ergonomic analysis of work-related hazards in older farmers: a comparison between Sweden and Italy.
- Kim J H, Kim H D, Lee K S, Kim J G, Kim S Y, Choo H J, Kim H K, Lee S J, Son B C, Lee J T.** Prevalence of Osteoporosis and related Factors using Quantitative Ultrasound among Korean Women Farm Workers.
- Romano E., Cutini M., Bisaglia C.** Study of posture during plowing operations. Analysis of the pressures to the seat
- Schillaci G., Camillieri D., Rapisarda V., Failla S., Caruso L., Romano E.** A review of recent studies on the risk assessment from repetitive movements in agriculture
- Somekawa Y, Kohri Y, Fusegi A, Yoshida T, Umeki H.** Risk Factors Associated with Lumbar and Femoral Bone Fractures in postmenopausal Japanese Women
- Suzuki K.** Internal fixation for displaced femoral neck fracture associated with poorly controlled diabetes mellitus

Occupational Risks Assessment and Prevention

- Faucon B.** Wrist posture analysis, transfer of the strain index method with an ergonomic software, CAPTIV.
- Ibrayeva L.** Fine dust aerosols toxicokinetics in organism
- Janev Holcer, Brkic Bilos I, Mandic-Rajcevic S, Mustajbegovic J.** Risk factors and children injuries while performing agricultural work in the Požega-Slavonia County, Croatia
- Kim S , Oh S, kweon S, Choi J, Shin M.** Rural-urban differences impact the number of unintentional injuries in elderly Korean adults
- Kim S, Oh S, Kweon S, Choi J, Shin M.** Rural-urban differences impact the prevalence of depressive symptoms in Korean adults
- Park K S.** Social capital among people with arthritis in Rural Area

Instrumentation, Equipment, Periodic Procedures and Tests

- Bietresato M., Carabin G., Vidoni R., Gasparetto A., Mazzetto F.** Evaluation of the stability of an articulated farm tractor using mounted implements on hillsides
- Cerruto E., Manetto G., Failla S., Longo D., Caruso L., Schillaci G.** A laboratory test bench to analyse nozzle sprays
- Guerrini L., Angeloni G., Corsini S., Parenti A.** Evaluation of pump-over thermal effect during red grapes fermentation: preliminary results
- Guiso A., Ghinassi G., Spugnoli P.** Hose reel vs dripline irrigation systems: which is better from Carbon Footprint standpoint?
- Porceddu P.R., Canale A., Spitella S.** An olive pruning machine for marginal areas

Policies and Approaches for Improving the Access to Health Care in Rural Areas

- Hosoya M.** Current situation of children with severe physical and mental disabilities in the Saku region, rural area of Nagano Prefecture.
- Kim C, Lee K, Hwang T Y.** Relationship between Bone Mineral Density and Remaining Teeth and Its Related Physiological Factors in Postmenopausal Women
- Mizukami K, Tsukahara T, Beniya H** Examination of support needed to continue home care in the community(2): Creating a Scale of Difficulty in Continuing Home Care.
- Son M, Park Y, Lee S.** Analysis of Medical Expenses Structure for Patients on Percutaneous Coronary Intervention by Medical Security Type
- Tsukahara T, Mizukami K, Beniya H.** Examination of support needed to continue home care in the community (1): Differences in occupations and training of staff involved in home care
